The joint membership, with the Bethel Chamber of Commerce of a Public Meeting on the subject of Town Planning at Eastern Hall on May 9, 1963.

Finally the work done by a special committee of the B. A. D. C. in getting the State Highway Department to install more and better signs to direct traffic into the Bethel business district at the junctions of Routes 2, 5 and 26.

## Budget Comm. Recommends \$5,000 Less Than 1963 Appropriations

The 1964 Bethel appropriation as recommended by the Budget Committee is \$255,657, a decrease of \$5,975 under 1963. Last year the committee estimated that the increases would amount to a final tax rate of \$40 per thousand dollars valuation. The final figure was \$41 per thousand. This year the committee does not wish to anticipate the final tax rate but it

does feel that an increase will not be necessary if the recommendations of the committee are followed.

The Budget Committee presents a comparison table of the 1963 appropriations, the 1964 budget requests, the 1964 Budget Committee recommendations, and net change in individual accounts, as follows:

The Budget Committee explains the reasons for changes in recommendations in the various articles, as follows:

The fire department has requested \$500 for new fire hoses. The hose is needed to replace unsafe hose.

The Civil Defense Emergency Relief Fund will not be needed this year because the unexpended balance was carried forward from 1963. By carrying the balance forward it saves up

appropriating the money at town meeting each year and letting it lapse into surplus at the end of the year.

There is a decrease in the recommendation for Fire Insurance and Workmen's Compensation due to a decrease in premiums.

## 20 SECONDS with the HAZARENE

On the cross Christ prayed, "Father, forgive them for they know not what they do."

They were His enemies, despised Him, mocked Him, reviled Him, inflicted pain upon Him, yet He prayed for them!

Looking at the cross we see God's love for those who sin out of ignorance. Here is our example to pray for those who sin without knowing the truth.

## BUDGET COMMITTEE

## RECOMMENDATIONS

continued from page one

There is a decrease of \$500.00

in the request and recommendation

for sewers. It is felt that

\$2,000 is adequate to maintain

adequate service and needed

improvements.

The surfacing program for

1963 was completed and a \$5,000

decrease in the account will still

leave enough to cover the 1964

surfacing work.

There is a \$500 increase in the

surface drains account to re-

place a section of a line and in-

stall a new catch-basin.

A.B.C.: three new applica-

tions.

Short Term Note for Tuition:

not raised in 1963.

Mason Street: increase need-

ed to go with 1963 appropriation

to rebuild street.

Social Security: the amount

raised in 1963 was insufficient.

Chamber of Commerce: after

the presentation of the president

of the Chamber of Commerce,

the committee is recommending

an \$1,000 increase. The town

will match the funds raised by

the Chamber. Advertising the

town benefits all segments of

the community by bringing

money to town and circulating

it in wages and services, and

products. This is the only year

that the increase will be request-

ed.

There was about \$5,000

worth of work done on the air-

port last year. The budget com-

mittee feels that the town should

raise a little more money to

maintain the airport.

Christmas Lights: Increase

needed for 1964 to pay for put-

ting the lights up and taking

them down.

Interest: The amount budget-

ed in 1963 was not enough.

Assessor's Association: Amount

needed to replace commercial

property of town.

School Maintenance: Amount

to be raised is a little less than

1963.

Phonograph: After presenta-

tion of interested parties, the

budget committee recommends

\$50.

The voters of Bethel will de-

cide at Town Meeting whether

to provide bus transportation

to Bethel Academy and Wood-

stock High School. This article

has been submitted to the select-

men by a group of parents liv-

ing in East Bethel. The budget

committee is making no recom-

mendation on the article.

If passed the town will pro-

vide transportation from all

parts of the town to secondary

as well as elementary schools.

Elementary transportation now

costs \$16,250 per year. The

select committee estimates that

transportation to both sec-

ondary schools would cost an addi-

tional \$16,000 per year. A sepa-

rate article will see whether the

town will vote to raise \$5,000 of

this amount for September

through December 1964, to be

added to the 1964 budget. It is
